VOLUME I

RICHMOND, CAL., SUNDAY, JUNE 14, 1914.

NUMBER 111

ALBANY NAMES INDUSTRIAL COMMISSION FOR BOOSTING

COUNCIL MAY NAME NEW POLICE CHIEF MONDAY NIGHT

Sanitary Inspector, and Several Other Posts Will Be Filled If Plans of City Dads Go Through; Walker Popular Choice For Head of Cops.

If the plans of several of the councilmen are carried out, the appointments of the various city officers will be made at the meeting of the council Monday night. It has not been definitely decided whether the appointments will be made at this time, but present indications are to the effect that they will.

If the new officers are chosen, it is probable the first thing to be taken up will be choosing a successor for Chief of Police J. P. Arnold. Detective Sergeant Charles Walker is the logical successor, and there is little doubt but that his selection will be unanimous.

Men to hold the offices of sanitary inspector and meat inspector, two offices recently created, will be chosen. Over twenty men are trying to land one of the two jobs.

The various other appointive offices will probably be disposed of.

RESIDENTS WILL NOT BE SERVED IF THEY COMPLAIN SAY McEWENS

If residents of the Santa Fe district do not cease to complain about the water in that section, McEwen Bros. will go out of the business of supplying it, according to a statement issued by that concern yesterday, in answer to a charge that the water furnished by them is "diluted." The McEwens purchase water from the Peoples Water Company to replenish their own wells.

Water is purchased at a meter rate and sold at a flat rate, the company complaining that its revenue will not warrant the installation of meters.

JOY RIDERS TO HAVE HEARING HERE NEXT MONDAY MORNING

George Ince, Joseph Ryan and J. F. McMahon, who were arrested early yesterday by Officer Joe Munday for driving an automobile when that official deemed them unfit to have charge of a machine, will have a hearing in the court of Police Judge Lindsay on Monday morning. After spending the night in jail the three young men, who come of prominent Berkeley families, were released on their own recognizance on their promise to appear here for trial. When arrested the young men were under the influence of liquor.

BUILDING WILL HAVE BIG BOOM

Many Fine Structures Will Be Begun in This City and the Plans Call for Much Work Soon.

BIG THEATER PLANNED BY VAUDEVILLE CIRCUIT

Plenty of Work for Trades Is Promised by Rush in Construction and Business Is Good.

All indications point to a building boom in Richmond during the remainder of the summer months. Several large buildings are to be erected here in the near future, and work on these will be started within the next month.

The sale of a frontage on Macdonald avenue last week by B. M. Griffin will result in the immediate erection of a three-story steel and brick building by A. M. Landsberger, a San Francisco capitalist. The building will have a frontage of 50 feet and a lease for the lower floor has already been applied for. The lot sold for \$25,000. Only a little more than a year ago Griffin paid \$500 for the property.

William O'Brien, a Taft oil capitalist, is having plans drawn for a three-story brick business building, to be erected at Twenty-third and Nevins avenue, as soon as Twenty-third street widening work is completed.

Work will soon be started on the three-story theater at Seventh and Macdonald. This building, which will compare favorably with the majority of theaters on the Pacific Coast, will have a 75 foot frontage on the avenue. It is to be built by the owners of the vaudeville circuit, who purchased the property last year.

Work is already under way on the three-story brick apartment house near the Southern Pacific station. The building is to be the property of R. L. Yager, an Oakland capitalist. It will be one of the biggest apartment houses in Richmond.

A. W. Joesselyn, local contractor, announced yesterday that he will start work next Thursday on a \$7000 rooming house, to be located at Barrett avenue, near A street. R. Regisen is the owner of the property.

MUZZLING.

"Jack, dear, just one more question. I promise not to bother you any more during the game."

"Well, what is it now?"

"Tell me why the catcher wears that funny thing on his face?"

"Oh, sometimes the catcher gets mad at the umpire's decision."

"What has that to do with it?"

"Someday he might get too mad and bite the umpire, and as they don't want that to happen they muzzle him."

CITY ACROSS THE LINE MAKES IMPORTANT MUNICIPAL PROGRESS

Body Will Formulate New Ideas For Civic Improvements and Handle Public Questions

Albany, just across the Contra Costa line in Alameda county, is rapidly forging to the front as one of the most progressive little cities in the entire bay section. The latest thing that has been done in Albany to establish that city as a thoroughly progressive municipality is the organization of the Albany Industrial Commission, which will boost plans for harbor betterment and civic improvement and formulate ideas for bringing new manufacturing concerns to Albany.

The first board of directors of the Albany Industrial Commission is composed of R. F. Daniels, Frank J. Roberts, George Nickerson, Fred Brown, George Thompson and F. Pink.

MISS MARIE SULLIVAN WILL BECOME BRIDE OF TIMMINS TODAY

Miss Marie Sullivan will become the bride of William Timmins, manager of the Richmond theater, at a ceremony to be performed in the local Catholic church today. The nuptials will be the culmination of a romance of many months' standing. Both Timmins and his bride to be are well known in this city, and are especial favorites among the younger social set.

COUNCIL WILL CONSIDER PLANS FOR PAID FIRE DEPARTMENT FOR CITY

Plans for a paid fire department are to come before the city council at the meeting of that body tomorrow night. With the completion of the new fire house two weeks ago, local residents and property holders have declared themselves in favor of a fire department, established on the basis of the departments of scores of cities of Richmond's size.

The consensus of opinion seems to be that a chief should be appointed, who will get a salary large enough to justify him giving his entire time to fire matters. It is thought there should also be a paid department, the men subject to call the moment the bell rings.

The proposition will be discussed in all its phases tomorrow night.

Despite the fact that she was foiled three times this week in attempts to end her life by strangulation, Mrs. R. G. Dixon made a fourth attempt yesterday afternoon. She tied one of her stockings tightly about her neck.

Mrs. Dixon has refused to go to Oakland relatives, declaring that they will have her committed to an insane asylum if she does. She has been ill since her husband deserted her six months ago. Mrs. Dixon is about 50 years old.

BIG RICHMOND PARTY TO TAKE LONG OUTING IN YOSEMITE VALLEY

Nearly a score of local residents are planning to leave today for an outing of several weeks' duration in Yosemite Valley. In the party will be Mr. and Mrs. E. H. Harlow, D. W. Baker, Mrs. E. L. Dell, Mrs. C. L. Abbott, Miss Nettie Windrem, Mrs. Rogerson, Miss Gretchen Harris of Gallup, N. M.; Mr. and Mrs. F. L. Harlow and son of Needles, Capt. and Mrs. W. D. Tibbets and two sons of San Francisco, and Clyde Hopping.

Practically every member of Stoenberg Camp of Spanish War Veterans will attend and take part in the Flag Day exercises to be held today in Oakland. Veterans from encampments from all over the bay section will be present at the exercises. At a recent meeting of the local veterans it was decided to accept the invitation issued by the committee in charge in Oakland.

BURG SAYS THAT REALTY GAME IS TO BE ACTIVE

Every indication points to an early beginning of a period of activity in the real estate business, according to E. J. Burg, of Burg, Brown, Graham & Richmond real estate.

"Yes, prosperity is at hand in the real estate business," said Burg, "but it is attended by unusual conditions."

"During the past month we have noted a steady increase of buyers. We find that they are a very different class of buyers from the usual."

"The buyers of today are people of a different type—composed largely of business and professional men."

"The sales in our Nichol-Macdonald tract during the past month have included representatives of all these classes."

"Our real estate business of today is practically confined to buyers of a thoroughly experienced type—men and women who know conditions and who are buying because they feel sure of the future and sure of Richmond as a place in which to invest."

PAY SMALL FINES.
J. L. Connor, Joseph Rihn and Fred Brown plead guilty to charges of disturbing the peace yesterday and paid a fine of \$5 apiece imposed by Police Judge Lindsay.

HEALY IN HOSPITAL.
John Healy, a hod carrier, who is one of the oldest employees of the Standard Oil Company, is in ill health and has been removed to an Oakland hospital for treatment.

2700 CLUB WILL DISCUSS IMPORTANT MEASURES

Several more candidates will appear before the 2700 Club at the Labor Temple this morning. The meeting will be called at 10 o'clock, and in addition to the talks by candidates the Richmond water district question will be discussed.

The meeting will be a most important one and all the members should be present for the purpose of discussing the matters to come up.

REFUSAL TO ACCEPT SCHOOL BONDS IS NOT WORRYING LOCAL BOARD

The fact that the bonding firm of Parsons & Sons of Chicago have refused to accept from the First National Bank of Martinez the \$75,000 in school bonds, or half the amount voted in this city last January, is not troubling the local school board, as the bonds, before their transfer to the Martinez bank, were approved by the highest bonding authorities in the state. The bonding house alleges now that there is a law in the proceedings and that they will not accept the bonds. They also seek to recover the \$1500 deposit check now held by the Martinez bank.

In a statement issued by the local school board yesterday, through the secretary, W. T. Helms, it is declared that the bonding house has not found a ready market for the bonds, and are now trying to avoid accepting them by pointing out alleged faults.

City Loses Pioneer When Mrs. Rust Passes Away At Hospital; End Is Peaceful

With the death of Lena Rust in the Roosevelt hospital at 9 o'clock last night, one of the oldest pioneer women of this section passed into the Great Beyond. After an illness extending over a period of several months, she died peacefully with loving friends and relatives gathered around the bedside.

It was 23 years ago the Rust family moved to Contra Costa county and located on the site that is now known as Rust.

The decedent was a native of Germany, and at the time of death was aged 58 years. She was a woman of pleasing personality, who numbered her friends by the thousand in this section.

She was the wife of William Rust, who survives her, and the mother of two sons, William and Herman.

Deceased was a member of the Hermann Sisters lodge of Oakland.

The funeral arrangements will be made later. Undertaker Bert Curry is in charge of the remains.

RASOR'S CASE MAY BE FOR JUVENILE COURT; ASSERTS OFFENDER IS BUT NINETEEN

M. Rasor, accused of stealing pay checks from his former employers, Bryde and Quale, who was turned over to the Pinole authorities by the Richmond force, may not be prosecuted in the Superior Court on a charge of forgery.

Rasor has confessed to Constable Fraser of Pinole that he is only 19 years old. If this is a fact his attorneys can demand that his case be

disposed of in the juvenile court.

George Stevens, a timekeeper in the employ of Bryde and Quale, has been implicated in Rasor's confession. The accused states that he pilfered the checks at Stevens' suggestion.

Stevens has been taken in the tolls and will be prosecuted on a charge of complicity.

WATER DISTRICT FACTS.

Never has there been a city at any time which has figured on a water system that the usual tabulated figures did not come up, the tables of water values, water analyses, excellence of filtered water, primal purity of supply, source of supply, etc.

These things are all right, but they befuddle the brain of the average citizen, who is most affected by an investment by bonds or otherwise, in a water system, and they do little good.

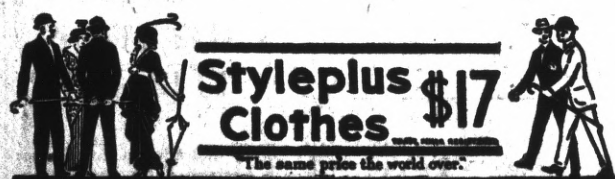

All river water is dirty, chemically speaking, and all water should be filtered.

All filtered water, if it be properly filtered, is pure and is just like all other properly filtered water. It is desirable, of course, to locate the source of supply where the supply is cleanest, but filtering plants have been brought up to such a state of perfection in these modern days that sewage water could be filtered through them and not only be made drinkable, but chemically pure.

Even spring waters coming from a snow source are not safe unless filtered, and filtered water, unless properly protected after it leaves the filter, may again be contaminated.

The very atmosphere contaminates water, so the question is not wholly what the analysis of the water in the river is, nor where the river flows, for the filter will take care of that question if the filter be properly constructed.

The Daily News is frank in saying it does not like to see the issue of the Richmond water district befogged in the public mind by tables of analyses which the average citizen does not understand.

YOU'LL always feel "Dressed-up" in a "Style-Plus" Suit for they are perfect models of latest styles and finished with the best care skilled tailors can give them. \$20 buys no better suit elsewhere. The source of supply, so long as it is a good one, so long as the supply is there, is not of such moment.

The big thing to the people is THE COST OF THE PROJECT AND WHAT WILL BE GAINED BY IT.

Investing in a new water system is like investing in a new suit of clothes. When we buy clothes we deal with a man whom we believe to be honest enough to represent the goods as they really are.

In investing in a source of water supply and a filter we need have no trouble in finding a source of ample supply and in getting an adequate filtering plant.

It is the COST and the BENEFIT that should be considered. So let's get away from these complicated tables and get down to business.

Now what are the advantages argued for a water system? "Better water, higher mains pressure for fire protection, finer quality, and saleability."

What must we consider? Our present water system, whether it is adequate for our needs or not, the quality of water we are getting, the saving, if any, in lower insurance rates, the saleability of the water, how much of it we can sell, the interest on the bonds, the saleability of the bonds, the present tax rate and the possibility of the investment working a hardship on the public.

We may safely accept the fact that the source is all right, be it pure or impure. We may safely consider that we can get the right kind of a filtering plant, one that will make the water chemically pure if it is not so at the source of supply, but the thing we must consider is WHAT WE NEED FOR RICHMOND, WHAT IT WILL COST TO GET WHAT WE NEED IF WE NEED A WATER SYSTEM, AND WHETHER WE CAN AFFORD AT THIS TIME TO INVEST IN A WATER SYSTEM AT THE FIGURES QUOTED.

Many a man needs a suit of clothes, and many a city needs a water system, when the money may be used to better advantage in another way, or when neither have the money and cannot afford what is actually needed.

The Hetch-Hetchy project cannot benefit us for the next ten years, it is true, but would it be better to wait on that, like the man who needs a new suit, but waits for the time when he can afford it?

We can get a good water supply, and we can have the water so filtered that it will be chemically pure, no matter whence its source.

BUT CAN WE AFFORD IT?

CAN WE CARRY THE LOAD?

WOULD THE INTEREST ON THE BONDS WORK A HARD-SHIP ON THE TAXPAYER?

COULD THE BONDS BE SOLD?

HOW SOON COULD WE CUT OFF THE INTEREST ON A PART OR ALL OF THE BONDS?

HOW MUCH WILL THE SYSTEM COST US?

CAN WE AFFORD IT AT THIS TIME?

WHAT ARE PRESENT TAXES?

WHAT WILL FUTURE TAXES BE?

WHAT WILL CITY IMPROVEMENTS COST US OTHER THAN THE WATER SUPPLY?

WHO WILL BUY OUR WATER?

WHAT WILL THEY PAY FOR IT?

HOW MUCH WILL THEY BUY FROM US?

WHAT WILL BE THE PROFIT?

HOW SOON, FINALLY, CAN WE DISCHARGE THE DEBT AND FREE OURSELVES OF THE BURDEN BY MAKING THE SYSTEM SELF-SUPPORTING?

These are the things to interest the citizen. A beautiful landscape doesn't mean pure water necessarily, and it doesn't make the burden any lighter.

We can get the supply all right. We can filter it all right.

So get away from the analyses and the bickering over the supply and source of supply and purity of the supply at the initial source, and get down to the business of buying something, if we need it, and to the business of figuring whether we can afford it at this time or not.

IS IT A GOOD INVESTMENT?

THE ELECTORS' DUTY.

In a recent issue of the Daily News there appeared an editorial setting forth the origin, object and aims of the 2700 Club; a summary of what it has accomplished, and some of the matters of importance to come before it in the near future.

In the matter of our county election, we have a number of candidates who are aspiring, conspiring and perspiring in the race for the "golden fleece."

Some there are who, without a doubt, are worthy of the consideration and support of the individual toilers, although for some reason other than their qualifications they are not endorsed collectively by the bodies representing the laboring men.

Again there may be and undoubtedly are, others who when weighed in the balance will be found wanting in the character and principles which would tend to serve the mass of the people, the wage earners.

Such a weighing is one of the functions of the 2700 Club, and the more notches on the beam the more exact will be the estimate of the moral and economic value of each of the men who are offering their services for sale to the county of Contra Costa this fall.

The legitimate price of those services, regardless of who is elected to the offices, is the same in each instance, so the choice should be made upon merit, and a knowledge of whom each man is bound to serve.

Therefore to know whether a candidate is beyond a doubt with, of and for the masses, or whose interest are with the corporate interests and self-aggrandizement, should be the duty of every elector.

Every person connecting himself with the 2700 Club with the object and for the purpose of civic betterment and the uplifting of humanity, makes one more gradation on the scale of justice and one more unit to tip those scales in the favor of right and equality.

The inadequacy of our present city charter is apparent to all.

The question arises, shall the new organ to be framed and submitted to the people for their adoption, be a charter fair and just to all, with no loopholes or jokers making exploitation possible, and be accepted, or shall it be an instrument of class legislation and be condemned by the people and necessitate a tolerance of the present conditions until another Legislature convenes two and a half years hence?

These are questions which are before the club at the present time and every man and woman who has the welfare of all of the people at heart should become active members and lend their moral and intellectual support.

None is barred who in the past has proven himself loyal friends to the man in overalls and the woman in the gingham apron.

All the leading magazines at Ferguson's Drug Store, 724 Macdonald avenue. 4-22-14

PYTHIAN SISTERS—Richmond Temple No. 86 meets every Monday evening at Pythian Castle on Fifth street, near Macdonald. Amy Carpenter, M. E. C.; Alta Cook, M. of R. and C.

KNIGHTS OF PYTHIAS—Richmond Lodge No. 13 meets every Friday evening at Pythian Castle. Visiting brothers are cordially invited to attend the meeting. O. F. Lilly, C. C.; A. S. Lilly, K. of R. & S.

PYTHIAN SISTERS—Contra Costa Temple, No. 113, meets every Saturday evening at Pythian Castle on Fifth street, near Macdonald. Besse Gregory, M. E. C.; Jessie Persy, M. of R. and C.

ODD FELLOWS—Eclipse Lodge No. 403, I. O. O. F., meets every Monday evening at 8 o'clock, at Bank hall, corner Eighth and Macdonald avenue. F. W. Heckman, Noble Grand; E. G. Alexander, Secretary.

CEMENT WORKERS' LOCAL NO. 138, A. B. of C. W., meets every Wednesday evening at 7:30 o'clock at the Labor Temple, Fourth, near Macdonald. O. N. Smith, president. C. A. Twogood, secretary.

HERMANN SONS—Richmond Lodge No. 37 meets at Bank hall, corner Eighth and Macdonald, every first and third Wednesday nights at 8 o'clock. A. Geiger, Secretary.

CIRCLE LADIES OF G. A. R.—Meet second and fourth Tuesday afternoons at 2 o'clock in Elks Hall. President, Mrs. Mary B. Moyle; secretary, Mrs. Joella Bonham.

BONDING FIRM NOT TO MAKE GOOD ON BONDS

After two months' delay, Parsons & Sons, the New York bond buying house, has refused to make good upon its bid for \$75,000 of the bonds issued by the Richmond school district with the money from which new school houses were to have been erected here this year. The First National Bank of Martinez, which represented the Eastern firm in the deal, has received a wire stating that there was some irregularity in the proceedings. The bank has a deposit of \$1500 up from Parsons on the bonds and will fight against giving up that sum.

Members of the school board declare that the Parsons are "welching" and that the bond proceedings are O. K.

The board of education will hold a meeting either tonight or tomorrow evening to take steps to have the supervisors advertise the bonds for sale again.

The refusal of the company to make good upon its bid comes as a bitter disappointment under the total issue of \$150,000, are badly needed this year and the temporary shacks will have to be constructed to care for the pupils until the bonds can be sold and permanent structures erected.

BILLY STEWART ON BIG HUNTING TRIP IN CANADIAN LAND

William B. Stewart of the editorial staff of the News since its inception, has severed his connection with the paper. He left today on the steamship Governor, en route to Alberta, Canada. He plans to spend several weeks hunting with friends in the Canadian Rockies.

Stewart is undecided as to his future plans. He is a senior at Richmond high school, but does not know whether he will return here and resume his studies or take a good position offered him in Spokane, Wash.

Stewart's brother, J. C. Stewart, is a resident of Spokane.

"Bill," although a novice when he entered the employ of the News, rapidly learned the rudiments of the "game." He made many friends on the west side, which was his "beat."

MANY TEACHERS ON RETIRED LIST

Sacramento, June 13.—Chief Clerk C. S. Pixley of the State Board of Education has completed the compilation of a report dealing with all phases of the retirement salary act. There are now 212 pensioners in California, and there has been received from teachers throughout the state already \$30,000 which goes into the fund for disbursement among pensioners.

The amount paid out on retirement salaries to date is \$22,273.54. The amount to be paid out July 1, 1914, will be \$15,500, and on October 1, 1914, \$20,000 will be expended in meeting claims. The amount necessary annually to pay the retirement salaries of the annuitants now on the list, if all were paid the full \$360 to which they are entitled, would be \$100,559.76.

The average age of 123 pensioners is 61.6 years. Of the recently granted retirement salaries, 17 have been for disability and teaching experience averages 22.17 years.

The oldest annuitant is A. H. Macdonald of San Francisco, 83 years, who taught for 50 years without interruption.

The youngest annuitant under the retirement act is Mrs. Mary Hendricks Smith, aged 39 years, retired, for physical disability after 17 years of steady teaching.

MOTORCYCLE RIDER COLLIDES WITH AUTO

When a motorcycle driven by Ernest Jenks, local contractor, residing at 610 Eighth street, collided with an automobile being driven by R. L. Young, at the corner of Twelfth and Bissell avenue, the motorcycle rider had a narrow escape from death or serious injury. Jenks was driving slowly at the time of the accident, and this as much as anything else was responsible for the escape of both parties from injury.

SANITARY INSPECTOR STARTS AN AGGRESSIVE SANITARY CAMPAIGN

City Sanitary Inspector Homer Wyatt has inaugurated an aggressive sanitary campaign in this city, similar to some of the effective campaigns in the largest cities of the country. At present special emphasis is being laid on the meat shops, and Wyatt is continually worrying the marketers to comply with the local and state health laws. The residents are falling into line and are cleaning up their premises, specially in an effort to discourage the breeding of the housefly.

NATIONAL CAPITOL USES FILTERED RIVER WATER

Recently the directors of the Richmond water district received several reports from Engineer Fred H. Tibbets, who is now on an extended trip in the East.

Among those received was one on the filter plant which purifies the water of the Potomac river for the national capital. A portion of the report follows:

"Conclusions: The filtration plant at Washington was built and is being operated by the United States government engineers, a fact which ensures the very highest quality of engineering work. The plant is of the slow sand type, although this was contrary to the engineers' recommendations, who believed that the type which has been recommended for Richmond was more suitable. It has later been found desirable to use coagulants. The water treated is comparable to the Sacramento river and is about as difficult of treatment."

"The plant has been in operation nearly ten years and has been entirely successful. The operating costs of filtration are less than one-half cent per thousand gallons. The bacterial efficiency has been very high, the number now passing into the filtered water being nominal. A marked reduction was followed in the typhoid fever death rate."

"The fact that under the advice of the U. S. government engineers, the capital of the nation is supplied with filtered water to its entire satisfaction, should go a long way toward convincing the citizens of Richmond that water filtration is the most modern and approved method of municipal water supply." —Adv.

CARPENTERS' OFFICERS ARE ELECTED FOR COMING TERM

The election of officers took up the
greater part of the session of the Car-
penters last evening. The following
were elected for the ensuing term:
E. G. Wisdom, president; Herbert
Henry, vice pres.; C. F. Washburn,
ec. sec.; F. H. Eggerth, finan. sec.;
R. I. Thompson, treas.; G. Werner,
conductor; F. W. Collins, warden; R.
W. Seamans, trustee; O. J. Dahl, au-
ditor; C. F. Washburn, A. Beckman,
O. J. Dahl, Max Henry, F. W. Collins,
E. G. Wisdom, F. H. Eggerth, C. F.
Rice and R. W. Seamans, delegates to
the Building Trades Council.

WORKMEN REFUSE TO RESUME WORK

ROME, June 12.—Movements of a
revolutionary character were reported
yesterday through the provinces of
Bologna, Ferrara, Ravenna and Forli,
forming what is known as the Pam-
agna.

Although a cessation of the general
strike which began on Monday has
been ordered by the labor organiza-
tions, the workmen of extreme views
in these districts have refused to re-
turn to work.

JOIN BONA FIDE MOVEMENT.
New York, June 12.—Two large
unions of Longshoremen have voted
to affiliate with the International
Longshoremen's association. Officers
of the longshoremen predict that they
will have 15,000 members along New
York's water front as a result of in-
creasing solidarity under the banner
of the American Federation of Labor.

VOTERS APPEAL TO NICHOLL TO SUBMIT ANOTHER PROPOSITION

Voters of the west side of the city
who are not particularly in favor of
either proposition of George Wall for
a prospective city hall site, or the
East Richmond site of the John Nich-
oll Company, have appealed to John
Nicholl to make still another propo-
sal. A delegation made its appear-
ance at Nicholl's office yesterday and
asked him to offer the present build-
ing used as a city hall to the city rent
free for the ensuing five years, de-
claring by that time the growth of the
city can be ascertained with more ac-
curacy.

Nicholl informed the delegation
that he would be glad to consider
their proposition.

Albany, June 13.—A state-wide
search has begun for William H. Col-
lier, an employee of the Southern Pa-
cific Company at Emeryville, who
dropped out of sight on May 23 on
his way to San Francisco, leaving
his wife and child destitute.
Collier was thought to have some
money at the time of his disappear-
ance, and it is feared by his friends
that he may have met with foul play.
Collier is 45 years of age, weighs
195 pounds and has light blue eyes.
When last seen he was dressed in a
light blue suit and a gray soft hat.

CONTRA COSTA TEMPLE TO ATTEND SESSION AT PINOLE MONDAY

At last night's meeting of Contra
Costa Temple of Pythian Sisters, held
in Pythian Castle, plans were made
to visit the Pinole lodge of Pythian
Sisters on Monday night. The neig-
boring order is planning to induct a
large class of candidates and has
asked the local officers and the Rich-
mond drill team to act officially in
the initiation. Forty from here will
make the trip.

One candidate was taken into the
lodge at last night's meeting. Plans
for the whist party to be given in
Pythian Castle on the night of June
27 were gone into at length.

UNCONSCIOUS RESPONSE.

He—My dear, all the baggage and
parcels are always thrust on me as
though I were a porter. "I tell you,
I am sick of it!"
She—Have you got the grip?
Baltimore American.

SOUTH AFRICANS MAY STRIKE FOR LEADERS

I have now had five weeks in
South Africa, says Tom Mann in Rey-
nold's Weekly, and during that time
I have been in contact with many
sections of workers. I have had
most successful meetings, character-
ized by the utmost enthusiasm, and I
have had scores of discussions with
union officials and prominent work-
ers in many occupations.

It is undoubtedly a fact that the
ruthless behavior of the government,
with the many imprisonments, and
deportations, and the forbidding of
meetings on the part of the men,
gave much courage to the mine work-
ers (really mine leaseholders) to
punish the men all along the 60
miles of reef known as the Wit-
watersrand.

Many Unions Suffer.
Many of the unions have suffered
in membership and finance, and it re-
quired a special effort to stimulate
the men to reassert themselves after
the slaughterings and goings that
had been meted out.

At all meetings I address the ques-
tion of the return of the deported
men is raised, and unanimous votes
given for the speedy return of all the
deportees.

The opinion is strongly emphasized
that this is not a case for appeals to
the benevolence of a despotic gov-
ernment, but of the men here re-
questing the return of all their com-
rades on a fixed date, with the full
approval and endorsement of the or-
ganized workers of Britain; and par-

October 3—Last day to register on
General Election.

ticularly with the hearty co-operation
and backing of the whole of the
transport workers on that side of the
world and on this.

Signal for Strike.

It is held that if the nine men
should not be allowed to land, or be-
ing allowed, if on landing they should
be interfered with unwarrantably,
that this should be the signal for all
transport workers in Britain and
South Africa to refuse to convey pas-
sengers or cargo until right treat-
ment is dealt out to these men.

The grux of the effort would, of
course, lie with the transport work-
ers at home, but these would not re-
quire specially appealing to, as they
have already declared their determi-
nation to help their South African
comrades and to see fair play estab-
lished.

Want No Bungle.

Let us guard against the possibi-
lity of a bungle. The South African
Trades and Labor Federation are
asking the actual co-operation of the
Transport Workers of Britain over
this question of the return of the de-
portees. Those responsible will please
prepare, the rank and file will please
prepare; the sympathizers in other
industries will give all encourage-
ment.

These men must get back to South
Africa; to allow this matter to drift
would surely be criminal. Nothing
less than the right of entry, and this
without a stain on them, as the gov-
ernment has utterly failed to con-
demn them by any legal means.

I, the name of the South African
workers I have ask all to prepare to
see fair play in this matter.

MAENNERCHOIR WILL GO TO HALFMOON BAY TODAY FOR PICNIC

Richmond Maennerchoir will journey in a body today to Halfmoon Bay. There a concert program will be rendered. All the families are invited to take the trip. The journey will be made via the Santa Fe. The start will be made at 8:41 from the Macdonald avenue station. The Maennerchoir will meet Friday nights hereafter.

**TO SPEND OUTING
IN YOSEMITE VALLEY**
Several well known Richmond residents will leave today for a trip to Yosemite Valley, where they will spend an outing of several weeks. Those who will make the trip are Manager L. D. Dimm, Stanley Dimm, Charles J. Cray and W. Scary of Barlingame.

WILLING TO BE PRESIDENT.
"Wouldn't you rather be right than be President?"
"Yes," replied the busy statesman; "If I'm dead sure there's no chance of my being President."—Washington Star.

HUNDREDS ATTEND BIG STANDARD OIL PICNIC

Hundreds were in attendance at the annual picnic of the Standard Oil Company employees, given yesterday at East Shore Park. Every detail planned in connection with the day's program was successfully carried out by the committee in charge. All the events on the field program went through as scheduled. There were many novel races on the program.

The employees of the San Francisco office of the Standard Oil Company played the local team, and the Richmond nine was compelled to take the short end of a 3 to 2 score. Although Charlie Burns hurled good ball for the locals, he was accorded poor support.

The committee in charge served a big lunch under the shade trees of the park. The festivities were wound up with dancing, and the platform was crowded with merry makers.

Marin Motor Cop Arrests Speeder And Wins Bride

San Rafael, June 13.—When County Speed Officer J. C. Donohue of Marin county opened up his motorcycle to sixty miles an hour one Sunday afternoon about a year ago and started in pursuit of a big automobile, the driver of which was trying to beat him into Sonoma county and thus escape arrest for speeding, he little realized that Dan Cupid was tucked away in the tonneau.

But he was. Another occupant of the machine was Miss Gladys M. Deemer of 941 Hayes street, San Francisco. Both driver and Miss Deemer accompanied Donohue back to San Rafael. Miss Deemer paid her fine and left, after assuring the speed officer that he was "perfectly horrid." Undismayed, the little love god stuck to his task, with the result that Miss Deemer became Mrs. Donohue at the home of the groom's mother, Mrs. Mary Donohue, here last night.

Miss Deemer is the daughter of Mrs. Mabel Sorria of San Francisco. After a honeymoon in the south Donohue and his bride will return to Marin to reside.

WOODMAN OF WORLD PLAN FOR BIG TIME NEXT MONDAY NIGHT

Members of the Woodmen of the World are planning a big time at the next regular meeting of that order to be held in Sequoia Hall tomorrow night. The deputy grand council, district manager and several other high dignitaries and members of the executive committee are expected to be in attendance. At the conclusion of the session the committee in charge plans a short entertainment and refreshments.

LENGTHY PROGRAM IS ARRANGED FOR RECITAL OF TEACHER'S PUPILS

Twenty-six numbers are on the program of the recital to be given tomorrow night by the pupils of Miss Myrtle Smith, at the home of that popular and talented young teacher. Those who will take part in the program are Hazel McCracken, Margaret Peterson, Althea Townsend, Olive Kerley, Howard Topping, Gertrude Schrader, Edna Moore, Olive Alexander, Claire Cary, Goldie Gnaga, Marion McMenamin, Ruth Schrag, Freda Moyle, Jeanette Schrader, Stanley Lindhall, Marion Gerrard, Leona Throll, Irene Conn, Gladys Wilson, Teddy Jones, Kate Hunt, Edith Taylor, Emily Kenna, Adele Kurtz, Alvina Monteverde and Helen Cowan.

TALENTED READER TO APPEAR HERE IN CLUB BENEFIT

A benefit to be given for the Richmond Club building fund will be given in the auditorium of the library Monday night, at which Mrs. Geo. W. Bias of Santa Cruz, daughter of Mrs. J. T. Conwell, will appear in her interpretation of "Polly of the Circus." Mrs. Bias has won distinction as a reader, and for dramatic ability and her selection for this occasion shows excellent judgment, for there is probably no better dialect reader in this part of the country than Mrs. Bias.

The delicious slang that characterizes Polly's speech when she first regains consciousness is equaled only by the wonderful mastery over the Virginia negro dialect.

Elks, not only from Richmond, but from all over the bay section, will attend the Flag Day exercises to be held this afternoon in the Green theater in Berkeley. At a recent meeting of the local lodge of Elks it was decided to attend the exercises in a body, and it is thought that over a hundred of the local horned herd will take the trip.

An elaborate program has been arranged for the day. Elks and the various Grand Army encampments have arranged the details of the day. Music will be one of the features of the afternoon.

LOCAL NATIVES WILL ATTEND CEREMONIES

Practically every member of the local lodge of Native Sons is planning to go to Sonoma today on the big excursion that is being run by the parlors of Alameda county, to be in attendance at the ceremonies attendant to the unveiling of the Bear Flag monument. A big two-day celebration has been arranged in Sonoma, and the festivities will continue over until tomorrow night. Many of the local natives are planning to be in Sonoma both days.

Among those who will see the Bear Flag monument unveiled is James Christian of Sebastopol. Christian is the only man alive today who witnessed the establishment of the military post in California.

RETURNS FROM EAST.
Mrs. Sharp, proprietor of the dry goods store on Macdonald avenue, between Fourth and Fifth streets, has returned from a trip to New York, where she bought a large line of new goods. The store is beginning a sale.

SEQUOIA CLUB WILL PROPERTY OVER TO HALL ASSOCIATION

It was decided at last night's meeting of the Sequoia Club, held in the club rooms, to turn the property of the club over to the Sequoia Hall Association. The turning over of the property is a mere legal formality. There was a large attendance at last night's meeting. The affairs of the organization were reported to be in good shape.

STORY NO. 6

SECOND SERIES.

This time I am going to take a crack at Mental Healing. In a work entitled "The Philosophy of Mental Healing" we find this statement: "Discordant mental emotion underlies every known disease." I want to ask the drugless cults: What "discordant emotions" underlie the initial sore of syphilis? What bad thoughts cause tuberculosis of the lungs? What evil thinking does a little child do to bring on tubercular hip joint disease? What kind of thoughts cause acute articular rheumatism? There are persons here who get black in the face talking theories that common sense rejects, yet dozens of people part with hard earned money every day to try another fling on the fortune of Wheel of Hope. Let me tell you something, Mr. adherent of the drugless cult, and if you will pay attention to what I am going to say, it may bring you back to a proper view of things as they are. Nature cures all curable Maladies.

Drugs may help and shorten the time. Surgery may aid to a better cure. Mental condition may influence for good or ill, but those who harp on this one string make poor music for people of common sense. Meantime every day I am treating a long list of people for all the ills that "discordant emotions" have caused in the Race. If you need my help come. The fee is \$1.00 to \$1.50 cash, medicine included. Hours: 9 a. m. to 6 p. m.; Evenings, 7 to 8.

SPORTS

LAUGHS AT SCHEME TO MAKE TROLLEY LEAGUE COAST LEAGUERS' FARM

Marysville, June 13.—All the talk in regard to the threatened catastrophe of the Trolley League of the Sacramento valley being wrecked by the rocks of financial distress was branded today by President Richard Belcher as nonsense. "I have never been notified by any of the teams that they desire to quit, and it is my opinion that most of the talk in the papers in the last few days is merely nonsense. Talk of similar import prevailed last season, but the league finished the season, notwithstanding. As far as I know there is no club in the league ready to quit, yet I cannot help but feel that even if there were any of the teams in danger of withdrawal from the organization these reports of financial difficulties would only hasten the matter," he said.

Furthermore, President Belcher

denied the report that a proposition was being considered by the officials of the Trolley League to make it a "farming" ground for the Pacific Coast League. "No proposition of this kind has ever been broached to me," he said, "and I can't see from what source such stories originate. Even if there was a desire on the part of the Trolley League managers to adopt this plan, I don't think it would be considered by President Baum of the Coast League for the reason that he probably has had enough already of that kind of a proposition."

The president admitted that none of the teams were making money, but rather than this being cause for alarm appeared to regard this condition as one that could reasonably be expected.

COAST LEAGUE RESULTS

What Los Angeles did to San Francisco again yesterday hurt the Seal rooters. Two to one was the score and the Seals were on the short end.

Portland gave the Oaks another trimming. Manager Christian went on the mound in an effort to stop the slaughter, but he performed no better than Pruitt, who succeeded him.

Sacramento kept up its winning stride by beating Venice out in a close game. Stroud, Wolverton's best bet, pitched good ball.

The scores:
At San Francisco—
R. H. E.
San Francisco 1 8 1
Los Angeles 2 8 1
San Francisco, Baum and Sepulveda; Los Angeles, Ryan and Bol-

At Portland—
R. H. E.
Portland 6 18 2
Oakland 2 7 2
Portland, Slagle and Fisher; Oakland, Pruitt, Christian and Alexander.

At Los Angeles—
R. H. E.
Venice 2 9 0
Sacramento 3 8 2
Venice, Klopfer, Henley and Elliott; Sacramento, Stroud and Hannah.

RICHMOND BUNCH HAS HARD CLUB TO BEAT IN TODAY'S BATTLE

One again the fans of this city will have their fill of diamond excitement when the Richmond Elks clash with the alumni team of the University of California this afternoon on the local diamond. Considerable interest is centered around the coming battle, inasmuch as the game is the first the locals have played independently for over two months. Just how the boys stand in independent ranks will be proved today.

"Porky" Ryan made his first appearance in a Santa Rosa uniform last Sunday at Boyes Springs against the crack Martines team, and showed himself to be a very classy performer. His clever work behind the bat was applauded by the fans and his two-base drive in the seventh frame, driving in the first tally for his team, started a rally that won the game.

The explosion of the State League has sent a whole flock of players to the field and the managers are kept busy opening letters and reading telegrams from stars out of a job. The defunct organization had some good men in their ranks and the disruption should profit the Trolley.

In meeting the alumni bunch the Richmond crew is going up against a club that has "Speed" for its middle name. The visitors are old-timers in the game, and what they don't know about inside baseball no one has ever learned.

Frank Gordon will take his regular turn on the mound. As Frank is working out daily, nad is in good shape, local fans are confident that he will pull through with a win. Charlie Burns will be held in reserve, ready to take up the burden of mound duty if it becomes necessary. The rest of the Richmond club will be the same fast, unbeatable bunch as of yore.

Frank Mora, a Pittsburg boy, is showing a world of class with the crack Martines team. Hitting is his long suit, and the way he slams that old pill is a caution. He has brought tears to the eyes of more than one good twirler by his heavy slugging. Last season he batted .365 and fielded .1000 for the Pittsburg Merchants, and he is hitting the globule at about 500 with the Martines club. He is coming fast and will surely be in faster company next year.

Subscribe for the News.

MARINEZ HAST BATTLE TODAY

Y. M. I. No. 4 team of San Francisco will play Martines today. The visitors are credited with being top notchers in the semi-professionals and they will have a crowd of fans with them to root them on their way. Manager Dan Sweeney furnishes the following line-up of his team: McDonald, rf; Stocknor, lf; Walsh, 2b; McGuggian, c; Bishop, 2b; Ryan, 1b; Sweeney, ss; Schmidt, cf; Dorman and Sands, pitchers.

"Dutch" Ruman, Santa Rosa's clever shortstop, had a great day Sunday and his work was well applauded by the fans. He was at bat three times, banged out a double and a single, made two runs, stole the only bag off Jackson and handled ten chances, making but one error.

Don't forget the news job department when in need of stationery.

BAY COUNTIES LEAGUE STILL IN THE RING

Who said the Bay Counties League went out of existence with the withdrawal of the Richmond club from the league? Forget it. It has not.

Arrangements have been made by the directors of the league for the continuance of the organization on a six-club basis. Vallejo, Suisun, Napa, Benicia, Crockett and Kahn Brothers are still in the league, with Richmond and the Standard Gas Engines out. A schedule of games has been arranged which extends up to August 16.

BASEBALL YARNS SCRIBBLED BY "FANATIC"

(Baseball World.)

Griffin, the Redwood City boy playing the third position for that team, had his optics on the ball and hammered out three hits, one going for three bags. This lad is fast developing into a good ball tosser and will be heard from later on.

Kaufman, playing short for the Columbia theater team, was spiked just over the eye in last Sunday's game with the Hub Nutters at Visitation Valley. While rather badly injured, he pluckily remained in the game.

Camp, Sebastopol's third sacker, pulled a sensational catch when he leaped a mile in the clouds and speared a warm baby from the bat of Heine Schwerin, robbing that worthy of a three-bagger.

Leahy, the slugging outfielder for the Barney Frankels, brought the spectators to their feet Sunday with a great running catch. It was some stunt and he was deserving of the plaudits of the fans.

Bart Burke, late of Marysville, has not yet decided what he will do. He is a sick man and will probably go to some springs for a rest. Bart is a capable man and did well with Sebastopol last year. He would probably have made a success of the Marysville team had he bene in more congenial company, but he was doomed to failure up there before a game was played. He stood absolutely no chance, for he was stabbed in the back at every turn. There was altogether too much knocking within the team and Burke was made the goat. This is well known to every man who is conversant with the situation, including Burke himself. But he is a good loser and is saying nothing.

Where the Women Want It

The location of harbor property depends entirely upon the harbor itself.

The location of manufacturing and wholesaling property is determined solely by business reasons.

But a retail business section goes where the women who patronize want it to go.

The women of Tomorrow in Richmond will demand that her shops be situated near Twenty-third street and Macdonald avenue, at the

Nicholl-Macdonald Avenue Business Center Tract

—because that place will be most convenient for her. The only restricted residence districts of the city are a short distance north; the homes of Richmond will soon encircle this tract;

—because her car lines, local and suburban both, will pass this corner; in fact, they do so today;

—because to reach this district she will not have to pass through the noisy, grimy, industrial sections;

—because of many other reasons, equally important.

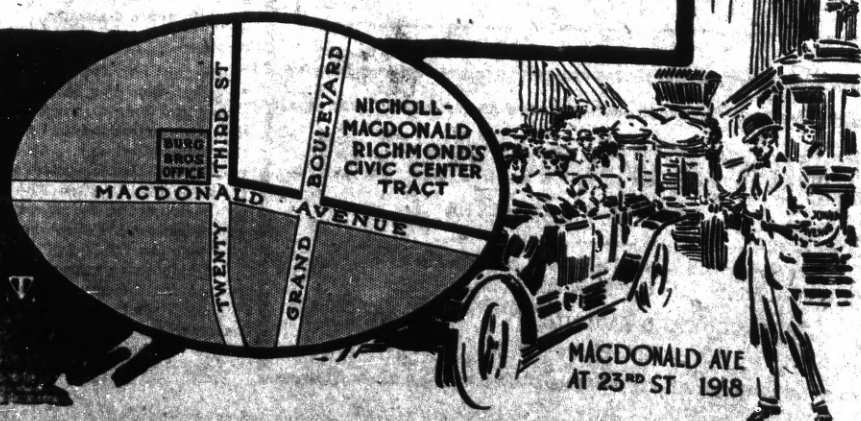

—the women—the housewives—spend the money; invest where the money will be spent

JOHN BUNNY IN RICHMOND FILM

The vaudeville which is presented at the Richmond theatre today will be found entirely new and pleasing in all points.

Clinton and Beatrice, "The Girls Behind the Guns" present a true Western offering that is absolutely in a class of its own. Their work is thrilling and marvellous and will keep the audience seated, and wondering.

Barton, Martin and Wilson, "The Classy Comedy Trio" will convulse

JOHN BUNNY
In "Cupid Versus Money," Richmond Theatre.

everyone with laughter. They will score an immense hit with repeated calls for encores.

Viola Farrell, is "The Ragtime Girl" with expensive wardrobe and classy personality she will be liked by all.

Mr. Hamilton sings some of the funniest parodies and tells a few of the funniest stories that we have heard for a long time.

The motion pictures number five, including the popular Selig-Hearst News Pictorial which relates all the events of international interest.

Tuesday and Wednesday, America's most famous film actress, Mary Pickford will be seen in a return engagement of "Tess of the Storm Country." A dramatic triumph greater than any that has yet distinguished Miss Pickford's phenomenal career.

DR. FRASER GIVES HIS SIXTH POINTED TALK

Story No. 6 of Dr. W. W. Fraser as appears in the advertising columns of this paper today, deals in some straight talk, where the medico tells of some of the fallacies of the "Philosophy of Mental Healing." These talks are very interesting and they contain very valuable information. It will pay anyone to read them. The doctor tells the public just what he thinks, he deals fair with them, and as a result has built up a very large and lucrative practice.

TWO DAYS' WORK IN ONE. LET ELECTRIC SERVICE REDUCE WORK AND EXPENSE

Electric washing machines cut down the time of doing a family washing one-half, and take all the hard work out of it. Electric flatirons double the speed of ironing—put comfort and pleasure in the task.

Many laundresses are enabled to do both washing and ironing in one day, where formerly a day was required for each. Every electrically equipped home can have these money-saving conveniences. Cost of operation is small.

EXCURSION HERE LOOMS UP LARGE

Republicans from every section of the county will be in attendance at the big Knowland meeting to be held Tuesday night in the auditorium of the Lincoln grammar school. The local committee in charge is hard at work perfecting all the details of the meeting.

Reports received last night from Martinez were to the effect that several hundred from the county seat are expected to journey here to attend the meeting. Tuesday night's appearance will be the only one Knowland will make in the county before the primaries. His campaign for United States senator to succeed George C. Perkins is taking him to every section of the state.

The special from Martinez will stop at the station en route to this city, and it is expected that many will board the train at the various points. A round trip rate of 60 cents from Martinez has been arranged. The train will start from Martinez at 7 o'clock, arriving here in plenty of time to allow the up-county delegation to be present at the opening of the meeting.

Those in charge of the meeting met last night and appointed the following vice presidents for the evening:

Richmond—Councilmen O. R. Ludwig, G. A. Follett, E. J. Garrard, R. L. Fernald, W. J. Hartnett, H. L. Penry, W. L. Lane, W. L. Pleton, J. B. Willis, J. F. Brooks, H. Pulse, W. S. McRacken, B. B. McWhorter, Harry Adkison, E. M. Ferguson, C. L. Abbott, E. B. Smallwood, Walter Lasselle, V. A. Fenner, E. M. Tilden, J. A. Cruikshank, J. J. Davis, John A. Neill, Ben Brignone, Ed McDuff, Ben Boorman, M. N. Blankenship, S. P. Deasy, Harry Ellis, H. E. Pettilion, D. W. McLaughlin, D. H. Bayley, J. O. Ford, O. A. Poulsen, E. A. Marshall, A. Trautvetter, H. E. Wyatt, E. E. Grow, C. E. Lunsford, Charles Robinson, F. E. Beck, Fred Schram, Levi Boswell, Senator J. C. Owens, J. F. Richardson, J. F. Galvin, G. E. Mines, G. W. Ryan, J. F. Arnold, I. R. Vaughn, William Lindsay, Jas. McVittie, H. D. Chapman, C. R. Blake, B. E. Faris, I. E. Marshall, C. A. Odell, C. A. Clark, T. D. Johnston, H. G. Biggs, S. Berendt, S. Spagnoli, John Roth, J. H. Gregory, Bert Curry, J. G. Clark, W. F. Huber, J. E. Moltoza, Jack Williams, F. Lucas, T. G. Conn, C. H. Brown, J. N. Long, Zeb Knott, P. C. Campbell, Fred W. Heckman, L. Byron—L. R. Meade, Harry Hammond.

TIP TOP SALOON WILL HAVE BIG BARBECUETODAY

Determined that his customers and friends shall be entertained regardless of expense, William De Land, proprietor of the Tip Top saloon at Twelfth street and Broadway, has prepared a big free barbecue for today. The saloon is near the Western States Porcelain Works and to get there the visitor should take a Twenty-third street car for San Pablo and change to the free truck owned by De Land. The truck will meet all cars and a big time is assured all who come. Preparations have been made to take care of all who may come and a hint as to the cuisine showed yesterday that a spread will be furnished that will well repay the friends of De Land for making the trip.

Just what is to be on the board cannot be told, for that would be telling, but suffice it to say that it will be a feast the like of which has not been seen in Richmond in many moons.

YOU are included in the invitation De Land extends to the public to attend this big barbecue and partake plenty of time and get your fill of good things.—Adv.

CHOIR OF CHRISTIAN CHURCH REORGANIZED BY DIRECTOR PIERCE
